Mr Alex Borg  
Secretary-General  
ITS Malta

7 October 2013

Dear Alex

ITS Malta

I am writing on behalf of the Directors of the ITS New Zealand Board to show our support for ITS Malta. We believe that ITS Malta will greatly benefit the local and also international ITS communities.

We understand that ITS Malta is now registered formally as a non-profit non-government organisation, and Council members include representatives from Transport Malta and the Malta Council for Science and Technology, and Maltese and European industry.

Our experience since becoming registered in 2004, has been the opportunity to provide strategic and policy leadership in the development and application of ITS in New Zealand to achieve a sustainable, effective, efficient, safe and environmentally friendly transportation system

ITS NZ is keen to collaborate with ITS Malta in the promotion of ITS. We would be honoured if you were able to accept our invitation of developing a memorandum of understanding.

Yours sincerely

Cormac McBride  
Board of Directors  
ITS NZ
